

Lock-Chain Combination GRANIT 68 Victory 12KS Black

Loop

Art. no. 44743

Page 1 of 1

Technology

- 12 mm strong loop chain with fabric sleeve to prevent damage to the motorbike's paintwork
- 14 mm steel bolt
- The round shape and the three independently rotating pieces hinder the use of opening tools
- The chain, the bolt, the lock body as well as supporting elements of the locking mechanism are made of special hardened steel
- ABUS X Plus cylinder for highest protection against manipulations e.g. picking
- Two keys are supplied with the lock, one LED torch key
- ABUS Code Card for additional or replacement key

Operation and use

- Very good protection at high theft risk
- Recommended for securing valuable motorbikes

Tips

- This lock can be ordered keyed alike to other locks. This means several locks would match one key, respectively key code
- Chain lock combinations are a very good solution for locking a motorbike to a fixed object
- The loop chain allows a very efficient use of the chain's length
- Two in one lock that means that the brake disc lock can also be used without the chain
- To limit the possibilities of brutal attacks it is recommendable to avoid that the chain lays on or hangs close to the ground
- For the protected transport we recommend the bag ST1010

Allround use and double security
